Kishimoto, Chiyomi Longo, William Morris, Gregory Nangle, Albert Paley, Mark Peiser, Lino Tagliapietra, Howard Werner and Susan Woods/Aswoon. The show will run through May 30th.

Encouraging our viewers to encounter relationships between diverse mediums and their environments, our exhibition will present works that are fundamentally different in concept and medium while maintaining an intriguingly collective visual connection. Functional seating, wall dividers, mirrors, paintings and fixtures made from various materials such as glass, wood, stainless steel and other mixed media will be on view.

Fascinated by the notion of challenging the traditional labels that categorize art, Wexler Gallery exhibits work that can coexist in the worlds of design, fine art, decorative art and craft. By questioning and challenging the boundaries of these fields, we aim to present functional and non-functional work that consistently celebrates innovation. Unified by a commitment to excellent craftsmanship and true dedication to their art, we are proud to showcase some of the world's most esteemed artists working in their areas of pursuit.

The Wexler Gallery is located at 201 North Third Street in the historical district of Old City Philadelphia. We invite you to visit our gallery or explore our website at www.wexlergallery.com.
